## VON HINDENBURG LINE IS SHAKEN TO FOUNDATION

Terrific Blows Delivered By General Nivelle Stagger German Troops

12 NEW DIVISIONS FAIL TO CHECK BIG OFFENSIVE

Counter Attacks of Kaiser's Forces Result In Great Carnage

(Associated Press Telegram)  
Paris, April 19.—1 p. m.—That section of von Hindenburg's granite wall, which runs from Soissons to Rheims, has been shaken to its foundation by the terrific blows of General Nivelle. The French have the whip hand now and the Germans are still staggering from the great rebuff dealt to them on Monday. The French soldiers who won the first line have been relieved by fresh formations and the second phase of the battle has begun with renewed vigor.

Unaffected by counter attacks in some places and the sturdy resistance offered, the French have gained substantial advantages and have driven forward with such speed that the Germans have been obliged to abandon many guns.

The enemy made a desperate effort to stem the tide between Juvin-court and Berry-Au-Bac. This is the weakest point of his line, being devoid of natural defenses. Thirty thousand of the best German troops were hurled forward here in a furious counter attack, but the move had been foreseen and the French guns were ready. Artillery and machine guns smashed wave after wave of the green-clad soldiers until finally the attempt was given up after awful carnage.

The Germans threw 12 new divisions against the French between Soissons and Auberville last night. The war office announces that they were unable to check the successful offensive of the French.

The French continued to make progress north of Vailly and Ostel, notwithstanding violent German counter attacks. The success of the French in the Champagne were followed by further advances in the region of Moronvillers. Several important heights and strong positions were taken.

## BERLIN DENIES SENDING SUBS TO OUR WATER

Berlin, April 19, via London.—It is officially announced that there is no submarine as yet in the western part of the Atlantic. The statement follows:  
"The Reuter Telegram regarding an attack by a German submarine on the American destroyer Smith can be described only as a frivolous means of attributing to Germany the opening of hostilities. In fact no submarine is yet within the western half of the Atlantic."

## WHEAT GOES WILD AGAIN; NOW \$2.40

Chicago, April 19.—Further sensational advances marked the first half hour of trading in wheat futures on the Chicago Board of Trade today. May rose 7 3/4c to \$2.40 and July 8 1/4c to \$2.05 1/2.

## ENGLISH REST WHILE FRENCH PUSH FORWARD

Two Allies In West Capture 31,000 Men In Last Few Days

FRENCH TAKE CLOSE TO 100 GUNS OF BIG CALIBRE

Success Crowns Efforts of Gen. Nivelle's Drive In Two Sectors

(Associated Press Telegram)  
New York, April 19.—Germany has thrown nearly a quarter of a million fresh troops into the fray on the 60-mile sector of the western front between Soissons and Auberville and still is unable to check the French advance.

Both north of the Aisne and in the Champagne, General Nivelle's forces are pressing forward. The last stronghold of the Germans on the Aisne was taken with the capture of the Vailly bridgehead yesterday and their wavering lines continued last night to be pushed rapidly northward. From Chavonne on the Aisne, the French have driven more than three miles north of the river, despite desperate resistance by von Hindenburg's reinforced armies.

In the Champagne the success of the French are equally striking. They have driven a great wedge more than three miles deep into the German lines between Rheims and Auberville and last night's attacks netted General Nivelle several important heights in the Moronvillers region.

Two more German batteries were captured in the Moronvillers fighting. Previously the taking of 75 German guns in the new French offensive had been reported so that the Germans must now be nearing the 100 mark.

The tone of the whole French official communications today is notably confident. The complete repulse of every German attempt at a reaction is unequivocally claimed and successes in the campaign are mentioned as being "achieved on a great scale."

While the French are thus driving forward, the British are quiescent so far as the official accounts show, awaiting their turn to strike the other flank of the von Hindenburg line. That notable activities are in progress behind the British front in preparation for the renewal of the attack on Lens and St. Quentin and the other threatened points in this region, however, is certain.

The French have so far taken more than 17,000 prisoners in their offensive. At last accounts the British had taken in excess of 14,000, so that the combined offensives of the two armies thus far has resulted in the capture of more than 31,000 men or the greater part of two German divisions.

## PRESS CENSORSHIP IN ESPIONAGE BILL FINDS OPPOSITION

(Associated Press Telegram)  
Washington, April 19.—Debate on the administration and espionage bill continued in the senate today with the fate of the section imposing a press censorship and other restrictions upon publication of military affairs still in doubt.

This section provides a ten years imprisonment or a fine of \$10,000 for persons who collect, publish or elicit information concerning national defense which might be of use to the enemy, in violation of regulations by the President.

The senate added an amendment, offered by Senator Lodge, designed to protect the right of comment or criticism of acts or policies of the government.

Senator Borah made a long attack upon the press censorship features. Congress, he contended citing numerous legal authorities is utterly devoid of power to in any way interfere with the liberty of the press.

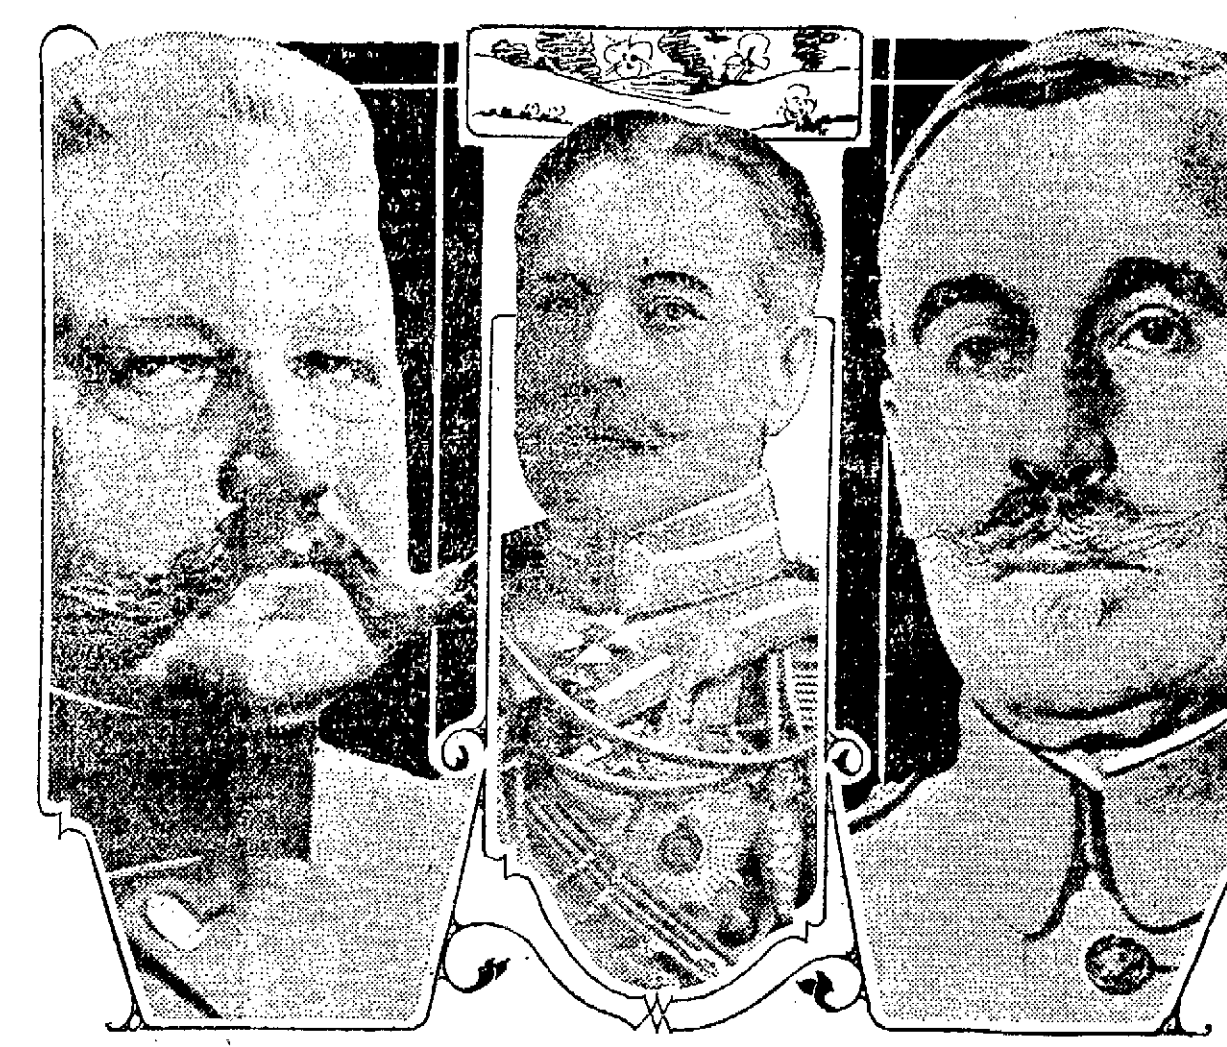

## PERSONNEL OF ALLIES' WAR COMMISSION IS ANNOUNCED AT CAPITOL

(Associated Press Telegram)  
Washington, April 19.—The state department announced that the British official party coming to discuss the conduct of the war is constituted as follows:  
Arthur James Balfour, foreign minister; Sir Eric Drummond, Ian Malcolm, members of parliament; C. P. Dorman and G. Butler, personal staff. Read Admiral Sir Dudley, R. S. DeChaville, Vincent Lawford, Major General G. Bridges, Captain H. P. Spender-Clay and Lord Cunliffe, governor of the Bank of England.

## BERNHARDT IMPROVING.

(Associated Press Telegram)  
New York, April 19.—A bulletin issued today by the physicians attending Sarah Bernhardt, said that a slight improvement had been noted in her condition.

THESE MEN LEAD ARMIES IN WORLD'S GREATEST BATTLE

Left to right: Field Marshal von Hindenburg, General Sir Douglas Haig and General Nivelle.

The greatest battle in the history of the world, and what may prove to be the decisive battle of the world war, is now in progress along almost the whole length of the western front. The Teutonic hosts are led by Field Marshal von Hindenburg, one of the greatest military geniuses Germany has ever produced. The French are led by General Nivelle, the ablest French commander since Napoleon; while the fighting British millions are under the generalship of Sir Douglas Haig, who has built up a great reputation as a military leader since the outbreak of the war.

## RED CROSS ENLISTS 75 MEMBERS AT FIRST MEETING; CAMPAIGN IN THIS CITY STARTS NEXT WEEK

The rooms of the Chamber of Commerce were filled to capacity Wednesday evening when a local chapter of the American Red Cross was organized, with a membership of about 75.

Through the efforts of a number of prominent Newark citizens the organization was made a possibility and much enthusiasm was manifested at the first meeting for the purpose of the Red Cross. Rev. L. P. Franklin, who has been much interested in the work, was elected chairman of the local chapter and J. J. Carroll was elected vice chairman. The other officers elected were Mrs. W. C. Miller, secretary and W. W. Gard, treasurer.

On the executive committee Mrs. Edward Thomas, Mrs. E. C. Wright and Dr. W. H. Lewis were elected and the chairman, Rev. L. P. Franklin, and the secretary, Mrs. W. C. Miller complete the personnel of the committee.

All in attendance at the meeting became members of the chapter. The annual membership is \$1, and all subscribed for that amount. There are several classes of membership, and last night Mrs. John J. Carroll became a patron (life) member, paying \$100. One subscribing membership of \$2 was also taken out.

As soon as membership blanks can be printed the local chapter will conduct a membership campaign, and if possible this will be started next week. A meeting of the executive committee to complete plans is being held this afternoon, and the local chapter will undertake at once to furnish hospital and camp supplies.

Dr. W. H. Lewis gave an interesting talk on the work contemplated and of the great work in general accomplished by the American Red Cross, which alone will assist the army and people of the United States during war time.

Among those attending the meeting last night was a representative from the Trades and Labor Assembly who reported that the assembly had made an appropriation to be donated to the Red Cross.

It is hoped to establish a chapter in Newark with a membership which will include every family in the city. The work is humanitarian and should appeal to all classes.

## CHURCH NIGHT FILLS TABERNACLE; MORE HOT SHOTS FOR CHURCH FOLKS

many who get religion on Sunday only," commented the evangelist. "The only way for those folks to get to heaven would be to die on Sunday. And God pity them if they died on Monday morning!"

The fact that there are some sinners who will not accept Christ and try to prevent other people from doing so was next impressed on the minds of those in the audience. "They lay the traps and trip up a good people," he declared. "There's too much 'hog' in some of the people in Newark."

The crying need for fewer hypocrites in the church was discussed. "Too many Dr. Jekyls and Mr. Hydes have their names on the church roll," he said. "The way they live speaks so loud that I can't hear what they say." This remark caused much applause.

That patriotism and religion go hand in hand was proved by the evangelist. "The highest patriotism lies in religion," he cried, "and it is worthy of notice that most of our bravest men were and are Christians of the highest type. I believe in preparedness for the United States and in religion."

Skill was specially commended by the speaker. Skill he defined as "the highest product of humanity. That, friend, skill and education in a sinner are a great peril to a Christian community."

A plea that church members do not act ashamed of their religion was next upon the program. "Don't apologize about religion," he pleaded. "Nowadays you're 'giving' to talk about anything but religion. And every time some one starts on the subject of religion, everybody suddenly remembers that they have an important engagement elsewhere. Immoral 'movies' were again vigorously attacked by the evangelist, who stated that the time of a revival was a poor time to bring such films to town.

## REQUEST HOTEL MEN TO FURNISH SPUD SPROUTS

Governor Believes Method Would Provide Seed for Many Lots

COLLEGE HEADS CALLED TO DIRECT FARM WORK

Cleveland Man Placed at Head of Industrial Employment Bureau

(Associated Press Telegram)  
Columbus, April 19.—Governor James M. Cox today suggested to hotel and restaurant keepers that they save the seed end of potatoes for use for local agencies furnishing free seed to vacant lot gardeners in order to assist in the "war crop" movement.

The idea was approved by Prof. H. C. Ramsower, of the College of Agriculture of Ohio University who said that if the hotels and restaurant keepers in Ohio would donate the sprouted end of the potato it would furnish enough seed to plant all the vacant lots in most of the cities. Even the potato peeling might be used to plant although this would not furnish a strong plant, Prof. Ramsower said.

Governor Cox discussed the proposition with Ben Harmon, head of the Columbus Hotel Proprietors' Association today and Columbus Hotel men are expected to co-operate.

The Ohio Council of national defense was working today on high speed to get gardens and vacant lots in Ohio planted. Weather conditions are ideal for garden making.

Governor Cox conferred today with Mayors from 21 Ohio cities discussing not only the food and crop situation but other war problems.

A letter was sent out to all college presidents and other school authorities today signed by the governor and President Thompson of the defense council requesting these school authorities to release at once students for the student army of labor. These students will be enrolled and will be furnished a badge designating that they are enlisted in the farm service of the council of national defense and which will entitle them to enter the state university next year if they are high school seniors.

Ohio farmers were requested to send in reports to the defense council showing what labor they will need and how much they have cultivated. (Continued on Page 2, Col. 3.)

## "SLACKERS" WON'T ESCAPE SERVICE IF MARRIED SINCE WAR WAS DECLARED

(Associated Press Telegram)  
Washington, April 19.—Men of military age who have married since a state of war against Germany was declared will not escape their obligation of military service under a war department policy formally announced today. The department's statement follows:

"The war department announces that all men married since the outbreak of war will be treated upon the same basis as unmarried men insofar as the military obligations are concerned. It is desired that the utmost publicity be given by the press to this announcement."

The department was moved to take this action in order that all men should understand exactly what is contemplated in the organization of an army to fight Germany. It was desired, that there should arise no question of slackers upon the score of marriages contracted since the outbreak of war with the possible construction that the marriage in any case was hastened in order that military duty might be evaded.

## IRISH HOME RULE ON COUNTY OPTION BASIS IS THE PLAN

(Associated Press Telegram)  
London, April 19.—The Manchester Guardian says that it is virtually certain that Premier Lloyd George will announce the government proposal for the solution of the Irish question on Thursday. The scheme will be based on county option, with some arrangements for keeping the counties that vote against home rule in orderly relation to the legislation of the Dublin parliament.

The proposal will put the home rule act into force at once and while it is expected that both Irish parties will oppose the scheme it is believed that neither will persist in their resistance. The Guardian says it seems possible that Sir Edward Carson has yielded to the premier's suggestion.

## WILL ORGANIZE ALUMNI.

(Associated Press Telegram)  
Cleveland, April 19.—Plans for organizing the twelve thousand alumni of the Massachusetts Institute of Technology for service during the war will be laid at the fourth reunion of the Associated Technology clubs which opens here today.

## KING CONSTANTINE PREPARES TO FORM ANOTHER CABINET

London, April 19.—An Athens dispatch says that King Constantine has been in consultation with certain party leaders in connection with the impending ministerial crisis. The king had a lengthy conference with the British minister on Wednesday, this being the first audience given to the British representative since the attack on British and French marines in Athens last December.

Dispatch from Athens yesterday said that the resignation of the Greek cabinet was impending.

## NAVY COMMITTEE'S ROOM BROKEN OPEN LAST NIGHT

Washington, April 19.—Capitol Police discovered today that the door of the senate committee on naval affairs had been forced during the night. Clerks in the committee room after a hurried examination said no papers were missing and Senator Swanson, the acting chairman of the committee said there was no confidential information in the room.

## STEAL "STRAID" VIOLIN.

(Associated Press Telegram)  
Toledo, O., April 19.—A genuine Stradivarius violin, value unestimated, was stolen in the interurban station last night. William Puitz of Ellyria, owner, left it on a seat while he purchased a ticket.

## GUARD AT BRIDGE SHOT FROM AMBUSH; MORTALLY WOUNDED

(Associated Press Telegram)  
Trenton, N. J., April 19.—A shot fired from ambush mortally wounded Robert Price, 18 years old, a private in Company B, second regiment New Jersey National Guard, who was on duty guarding a Pennsylvania railroad bridge near Yardville, N. J.

It is said that a train load of powder passes over this bridge at about 3 o'clock every morning bound for Jersey City. Price with other members of his company, was on duty at the bridge. All heard a shot ring out and a bullet that apparently came from ambush near the little bridge struck Price and he fell unconscious. His companions brought him to a hospital in this city where physicians said he could not live.

Search is being made for the person who fired the shot and escaped under cover of the darkness.

## CUBA ASKED FOR THIRTY MILLIONS FOR WAR PURPOSES

(Associated Press Telegram)  
Havana, April 19.—President Menocal, in a long message to congress asks for authorization of a \$30,000,000 bond issue. He proposes to use the money for the payment of indemnities for losses caused by the revolution, for expenses of the war with Germany and co-operation with the United States.

The president gives a long list of articles on which he proposes to place a revenue stamp for the payment of interest on the bond issues. He suggests that such bonds could be used as pari collateral on a loan from the United States government if needed later. The list includes stock exchange operations, the commercial papers, bills of retailers and ship clearance papers.

The message declares that Cuba is "not a lukewarm ally, which rejects sacrifices and begrudges efforts in aid of the common cause."

## NEWARK MEN CONFER WITH GOV. COX ON OHIO DEFENSE PLANS

Newark men presenting the Chamber of Commerce, the city and county, attended the conference in Columbus today to present Newark's claims for a branch of the state labor exchange planned as a feature of the work to mobilize the state's resources for industrial and agricultural efficiency. They will represent that Newark already has been operating a labor bureau in connection with the Chamber of Commerce work here, and under the direction of the state employment agency. The members of the committee are: Joseph N. Pugh of the civic bureau, H. C. Price of the agricultural bureau, A. S. Mitchell, and Senator J. H. Miller.

These men also will get the full outline of the state's plan for the mobilization of the state's resources, which will be adapted to the work already undertaken in this city and county.

The conference was called by Governor Cox and includes the state food commissioners, the state council of defense, and such other organizations as have undertaken to organize Ohio's industrial and agricultural work.

## TWO AUTOS WRECKED IN COLLISION AT MT. STERLING

The failure of a Newark autoist to dim the lights on his car as he approached another machine resulted in a new Buick machine owned by Charles Kiefer of Zanesville was a collision near Mt. Sterling late Tuesday night in which a new Buick machine, owned by Charles Kiefer of Zanesville, was completely wrecked.

The eight men in the two machines received slight injuries. The name of the owner of the Newark car was not learned, and it was left at the scene of the accident.

The front wheels were torn from both machines, the chassis of each was badly bent and the body of each car was completely wrecked.

## NEW YORK OBSERVES THE ANNIVERSARY OF PAUL REVERE'S RIDE

(ASSOCIATED PRESS TELEGRAM)

New York, April 19.—The patriotic spirit of New York was stirred today by reminders of the battle of Lexington and the beginning of the American fight for independence. Nearly 200,000 persons took active part in parades and meetings and other demonstrations throughout the city to celebrate the 142nd anniversary of the beginning of the revolution and to stimulate recruiting in army and navy.

"Wake up, America day" began at midnight ushered in by the ringing of church bells and the cheering of crowds on Broadway while a young woman in the costume of Paul Revere rode through the streets summoning the men of America to answer their country's call in the new struggle for human liberty.

The feature of the celebration is a great parade this afternoon in which members of patriotic organizations will participate. One division will assemble nearly 200 citizens of Great Britain and Canada. Before the parade starts eight modern Paul Reveres of the air will leave the aviation school at Mineola and fly over the city dropping posters appealing for recruits. These posters speak of George III of England as "a teutonic king" calling attention to his German ancestry.

A NEW PAUL REVERE.

(ASSOCIATED PRESS TELEGRAM)

Columbus, O., April 19.—Four buglers of Troop B, representing Paul Revere of Revolutionary days rode through the streets of Columbus early this morning sounding the call "To Arms."

Heavy enlistments are expected throughout Ohio and the United States today—the 142nd anniversary of Paul Revere's ride, and the day proclaimed for "Wake Up America."

## OFFERS 16 FARMS TO GOVERNMENT, ALL WELL STOCKED

(ASSOCIATED PRESS TELEGRAM)

Philadelphia, April 19.—The famous model farms of Henry S. Hale, a wealthy Philadelphia manufacturer located in the White Mountain region of New Hampshire have been offered to the government.

In a letter to Secretary of Agriculture Houston today Mr. Hale writes: "I am the owner of nearly 5,000 acres in Coos county, New Hampshire. This property is under a high state of cultivation, good buildings and well organized. On account of the food and labor problem I now offer these farms, 16 in number to the government."

"You probably know that Coos county is one of the best farming sections in the state, particularly for potatoes, oats, hay, dairy products, etc. We have a pure bred Holstein, Jersey and Guernsey herd, Berkshire swine, sheep, Belgian draft horses, etc., 1,500 head in all. Also a fish hatchery with about one million trout now hatching, a number of lakes and plenty of springs on the property."

"One of our young Holstein cows has just broken the New Hampshire state record, making 36-100 pounds of butter in seven days."

"I would like to receive quickly your view upon the subject above referred to and if favorable will be glad to arrange and discuss details."

Among the cattle is a \$20,000 prize bull.

## SUES ZANESVILLE FIRM FOR INJURY; CARS RAN AWAY

James W. Beeks, a B. & O. conductor, residing at 112 Dewey avenue, through his attorneys, Kibler & Kibler, has brought suit in the common pleas court in Zanesville against the Kearns-Gorsuch company to secure damages in the sum of \$8,125 as recompense in part for alleged injuries suffered in an accident at Barnesville, November 29, 1916.

The plaintiff, who is a freight conductor on the B. & O. railway, alleges that on the date mentioned in his petition the brakes on a cut of cars on the defendants' switch at Barnesville, were loosed, through alleged negligence on the part of the defendant's employees and agents, and the cars running down a grade collided with a caboose in which he was sitting, inflicting grave injuries of a permanent nature.

## Dreams May Be Overtone Work.

Dreams are a good test of the need of sleep and many times answer the question of overwork or idleness, according to Dr. Percy G. Stiles, who lectured at the Harvard medical school on "Sleep."

"It is possible to judge by one's dreams whether one needs sleep," he said. "If the dreams are of a rambling variety, the kind that seem to run from nowhere or anywhere, it is a pretty good sign that you are not overtired. On the other hand, if the dreams are a continuation of the day's worries the chances are that you are overtired. Dreams remote from the day's work are a vacation, but dreams connected with the day's work are overtime."

"To go to sleep get the body and mind comfortable. The body is easier to make comfortable than the mind. A rubdown, a bath and a little bit to eat help bring that about. To compose the mind read some familiar book or poetry. That soothes the mind, for no exertion is necessary to read it."—Boston Journal.

## SEED POTATOES FROM HOTELS FOR THE GARDENS

Governor Cox today suggested that hotelkeepers and restaurant men save the seed end of potatoes for use of local agencies furnishing free seed to vacant lot gardeners in order to assist in the "war crop" movement.

The dispatch was bulletined at the Advocate office and Mr. W. C. Kuster, who read the bulletin, called at this office to say that he will be glad to follow the governor's suggestion and will give to Wm. E. Hopkins of the Welfare Bureau, several bushels of seed potatoes each week during the planting season. No doubt the other restaurant and hotel men will gladly co-operate and follow this splendid suggestion made by Governor Cox.

**MORE HOSPITAL SHIPS SUNK.** London, April 19.—There have been further losses recently of British hospital ships which will be published shortly, Andrew Bonar Law, member of the war council announced in the house of commons today.

**MARSHALL FIELD ENLISTS.** Chicago, April 19.—Marshall Field III, one of America's richest young men, arrived here from New York today and set about winding up his business affairs, preparatory to enlisting later in the day as a private in the First Illinois cavalry.

## NEW RUSSIAN GOVT. WILL NOT MAKE SEPARATE PEACE

(ASSOCIATED PRESS TELEGRAM) Petrograd, Via London, April 19.—Russia's allies need have no fear that she will desert the alliance or weaken her resistance to the enemy. Prof. Paul Milukoff, the foreign minister, said today in an address to the representatives of the British and French workingmen who are now in Petrograd. "We understand that at the moment of the revolution you might be afraid we would lose our strength for resistance," said the foreign minister. "I beg to announce to your countrymen that free Russia has become doubly strong through democratization."

## BRITISH HOUSE WILL DISCUSS DEFENSE PLANS

(ASSOCIATED PRESS TELEGRAM) London, April 19.—Chancellor Bonar Law informed the house of commons today that the government had decided to hold a secret session of the house, the date of which would be announced next week.

A semi-official statement given out in London last night said a secret session of the house would be held shortly after the return of Premier Lloyd George from the continent, for the discussion of man-power, air service, the submarine menace and other questions.

**Fouts-Bush.** On Wednesday afternoon at 4 o'clock a pretty wedding took place at the home of Mr. and Mrs. E. D. Bush, 79 Neal avenue, when their daughter, Miss Celia Fouts, was united in marriage to Mr. Porter Fouts of Toledo.

Lilies, roses and ferns were used in the house decorations, and in the north parlor where the ceremony was read an improvised altar of ferns and pink roses had been arranged. The bride wore a gown of white net over white silk and carried a shower bouquet of white roses. She was attended by Miss Neva Baumgartner, who was attired in pink organdie and carried pink roses. The ring ceremony was read by Rev. J. W. Atkinson, pastor of the Neal Avenue M. E. church, and the ring was carried in a lily by the little flower girl, Sarah Elizabeth Umstot, who wore a frock of white lingerie with a pink tulle sash.

The bridegroom's best man was his brother, Mr. Ernest Fouts of Newark.

Mr. and Mrs. Fouts left for a wedding trip and will be at home after June 1 at Toledo.

The bride is the daughter of Mr. and Mrs. E. D. Bush. She sang in the Neal Avenue M. E. church choir and was active in church work. She was graduated from the Newark high school with the class of 1915. Mr. Fouts is the son of Mr. and Mrs. W. B. Fouts of the Cherry Valley, and is employed by the Overland Automobile company at Toledo.

**Hilfinger-O'Connor.** The marriage of Mrs. Lillian O'Connor of 101 North street, and Mr. Bernard Hilfinger of 106 North street, was solemnized by Rev. Father B. M. O'Boyle, Tuesday evening at 7 o'clock. Mr. and Mrs. Hilfinger will reside in Newark.

The Swastika Sewing club was entertained at the home of Miss Katherine Hoodlet in Clinton street, Thursday evening. The hours were devoted to sewing and in a contest the souvenirs were awarded to Miss Thelma Frankenberg and Miss Reda Gray.

A dainty luncheon was served and the club will meet again in two weeks at the home of Miss Helen Vogel, Palatka street.

Elsie Hirschberg Lyon, who is now located in New York, has completed negotiations with the Women's Musical club of Zanesville, to appear in a joint recital with Leginska, noted pianist, in that city December 11. She also has been engaged to sing two operatic arias with orchestra in Carnegie Hall, New York, April 29.

The Bachelors will entertain with a dancing party at Assembly Hall, Friday evening, April 20. The hours are from 8 to 12.

Mrs. J. H. Garrison will entertain with a church tea at the home of Mrs. W. C. Gardner, 516 Hudson avenue, Friday afternoon, from 3 to 5 o'clock.

The Social Sewing club of Loudon street, Granville, held its semi-monthly business and social meeting with Mrs. J. E. Warner. The following members were present: Mesdames John Bebout, Wm. Lewis, Ed. Roffey, David McCullough, Fred Moore, W. V. Butt, Wm. Wingert, Wm. Lake, Earl Lake, S. C. Callison, Mesdames Bernice B. Callison, Lucy Smith, Alma Bonnette, and the hostess, one guest, Mrs. J. N. Ram-sower. A delicious lunch was served by the hostess.

The next meeting will be with Mrs. Ora Warner.

Mr. and Mrs. W. H. Curry of German street, celebrated their forty-fourth wedding anniversary today by entertaining three of their children, and the latter families at an elegant dinner. Many congratulatory cards were received and many friends called. Mr. and Mrs. Curry are the parents of eight children, five of them living at a distance from Newark and finding it impossible to be here for the anniversary.

The Social Embroidery club was entertained at the home of Mrs. Otto Ramey on Wednesday afternoon. A contest afforded entertainment and the souvenirs were awarded to Mrs. F. R. Smith, and Mrs. John Brown. The luncheon table was centered with tulips and miniature candle holders held yellow candles. The place cards were also in yellow.

## U. S. NAVY TAKES OVER PATROL OF THE ATLANTIC

(ASSOCIATED PRESS TELEGRAM) Washington, April 19.—It became known today that the American navy is "rapidly" taking over the patrol which the British and French navies established on the American coast. This action followed the conferences last week between Vice Admiral Browning of the British fleet, Rear Admiral Degraff of the French navy and the ranking officers of the navy department here. The scope of work taken over by the American craft is withheld for military reasons.

## ENTHUSIASM IN BOSTON.

(ASSOCIATED PRESS TELEGRAM) Boston, April 19.—Patriotic Day, a legal holiday in this state, was observed with more than usual enthusiasm today. The principal event was the trip of a horseback rider, impersonating Paul Revere, over the route from Boston to Lexington and Concord followed by the Revolution patriot who warned the Middlesex county farmers of the coming of the British troops in 1775.

## Granville

(Special to The Advocate)

Granville, O., April 19.—The recent given last evening by members of Phi Mu Alpha, the Denison musical fraternity, and of Delta Omicron, the musical sorority, was well attended and much enjoyed by a representative audience of students and townspeople. The program was well received and each number was reached in the closing piano solo, the Liszt, "Rhapsodie No. 12," played with exquisite finish by Ruth Conant. Following the program a delightful reception was held in the conservatory parlors for the faculty and pupils of the conservatory. The rooms were artistically decorated with greenery and mosses of daffodils. Mrs. Karl Eschman and Mrs. Robert Soule presided at the tables from which were served coffee, ice cream, cake and nuts.

Mr. and Mrs. E. J. Dorsey have issued cards for an afternoon reception at their home in Broadway on April 20, to mark the fiftieth anniversary of their wedding.

Dr. R. S. Colwell, dean of Denison Conservatory, who has been on the sick list for several days, is reported as being much improved today.

Mrs. H. R. Handley and Miss Carrie Houland are spending the day with Columbus friends.

Mrs. Robert G. Bell of Queens, Long Island, writes a propos of the war, that every town on Long Island looks as if prepared for a big Fourth of July celebration. No lack of patriotic demonstration, though there seems to be no excitement.

## GOVERNMENT BUYING DOMINATES STEEL TRADE

Cleveland, April 19.—The Iron Trade Review today says:

Government buying, actual and prospective, of iron and steel for war purposes thoroughly dominates the market. Practically every transaction being closed in steel materials is answerable to the question whether this tonnage now or later will be required for the national good. In some lines, this effect is becoming rather drastic. Original purchases are being cut down severely, either by definite act of makers of by non-shipment. Despite the great inconvenience and actual losses being sustained, consumers universally are meeting the situation in a spirit of broad patriotism and liberality which greatly has helped producers to make the necessary readjustments.

Some large purchases are being made in various lines by the government, full details of which, for obvious reasons, are withheld. These include steel for naval vessels, for munitions, for navy yard and ship enlargements, and for multiplicity of other needs. Fabricated steel requirements now in sight are placed at 63,000 tons and total needs definitely expressed represent several hundred thousand tons. Various large industrial companies are holding their shops at the government's disposal for munition manufacture, which will all for a large tonnage of steel. Inquiry of this sort now is current.

**NICARAGUA ENDORSES ACTION.** Washington, April 19.—Nicaragua has aligned herself with the Latin American nations endorsing the entry of the United States into the war with Germany. The foreign office at Managua notified the state department today that the government there sympathizes with the United States in its action, but made no mention of neutrality.

FRIEND'S ADVICE  
PROVES BENEFIT

Woman Says Tanlac Is All That Is Claimed For It.

## ADVICE FROM OTHER WOMEN

"Tanlac has helped me more than anything else I ever took," said Mrs. Lavina Daniel, Harrisburg street, Nicholasville.

"I hesitated quite awhile before making a public statement like this. But when any one has been helped as I have I feel that I ought to say all that I can. For a long time it seemed as though food did me no good. It didn't seem to give me a bit of strength.

"My appetite seemed good enough, but what I ate did not seem to digest properly. I was tired all the time. I had soreness in my muscles and joints, and headaches.

"One day a friend who used to live next to me in the country came along, and I told her how I felt. She said, 'Why don't you take Tanlac?' I got some right away, and by the time I had taken a few bottles I felt much stronger and better in every way.

"Now I'm recommending it to my friends. It did me so much good. I understand Mrs. Barker has given a testimonial. I advised her to try Tanlac.

"I feel indebted to Tanlac, and that's why I advise those who feel as I did to try it."

Tanlac may be obtained in Newark at W. A. Erman's drug store and in the following nearby towns: Alexandria, C. M. Gilmore; Pataskala, J. R. Strine; Granville, W. P. Ullman; Hebron, Hebron Drug Co.—Advertisement.

## HAVE COLOR IN YOUR CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

GOOD NEWS FOR  
EVERY RHEUMATIC

Remarkable results are reported from the use of Dr. Whitehall's Rheumatic Remedy. FIFTEENTH NATION TO  
ENTER EUROPEAN WAR

Twelve Allies Fighting Teutons, and Only Small Part of the World Is Left Neutral.

The declaration of war by the United States was the twenty-ninth declaration made by a sovereign power since the present world conflict began, and these do not include the declarations made by the little republic of San Marino or those launched by the new kingdom of Hedjaz or the declaration of Montenegro against Germany which never reached its destination. Cuba's declaration is therefore the thirtieth.

With these modifications the United States was the fifteenth nation to enter the war—the eleventh on the side of those opposed to Germany. With the latter China had already broken off diplomatic relations, with every prospect of war, and President Menocal had made Cuba the sixteenth nation now at war and the twelfth arrayed against Germany.

Some surprising statistics in both population and areas are now presented by the situation. Including the colonies in designating the belligerents, it is found that populations, with China's 413,000,000, reaching 1,412,600,000 are at war with the central powers and their dependencies, which total 156,300,000. The inhabitants of the earth are supposed to number 2,000,000,000. This leaves 171,700,000 nominally at peace. Of this balance 63,200,000 included in the Netherlands and her colonies (37,000,000), Denmark, Greece, Norway, Sweden and Switzerland, are neutral through necessity, while 103,000,000 in Spain and her colonies, in Mexico and Central and South America are neutral from choice. Of the entire area of the earth's surface—some 60,533,746 square miles—all but South America's 7,344,508 and about 10,000,000 elsewhere, including 6,970,000 uninhabitable, is represented by warring nations.

The United States is the only nation, with the exception of Cuba, in which legislators voted directly upon the subject of entering the war.

The first formal declaration of war was made by Austria-Hungary on Serbia, July 28, 1914, and the latter's reply to the ultimatum of July 23 was deemed unsatisfactory.

On Aug. 1 Germany declared war on Russia because the latter declined to reply to an ultimatum to demobilize.

On Aug. 3 war between Germany and Belgium arose through the invasion of the latter's territory, and the same night the German ambassador left Paris, designating a state of war owing to alleged hostile acts on the part of the French.

England declared war on Germany Aug. 4, owing to the latter's failure to reply to an ultimatum in regard to Germany's invasion of Belgium.

Austria declared war on Russia Aug. 6, alleging that hostile acts had already been committed and the fact that Russia was already at war with Germany. Austria's ally, Serbia, also declared war on Germany Aug. 6.

On Aug. 12 England and Montenegro declared war on Austria.

On Aug. 15 France declared war on Austria.

On Aug. 24 Japan declared war on Germany and acknowledged a state of war with Austria.

On Nov. 8 Turkey received declaration of war from England, France, Russia and Serbia.

Italy entered the war with a formal declaration against Austria on May 23, 1915, to become operative the next day. Turkey received a declaration of war from Italy Aug. 21, 1915.

On Oct. 20, 1915, Serbia, England, France, Russia and Italy declared war on Bulgaria.

Two nations entered the war in 1916 and a third increased her declarations. Portugal declared war on Austria and Germany March 10, and Italy declared war on Germany Aug. 27. Rumania declared war on Austria the same day, and on the 28th her declaration against Germany became operative.

Fight fair. Only a submarine hits below the belt.

## TIRED WORKING MEN

Find a Friend in Tono-Nerve, The Tonic of Tonics.

The following letter from J. L. Parkerson, Zanesville, Ohio, recounts the experience of many Newark men. It was very nervous and rundown in health that I lost my appetite and finally my health broke down completely, largely because of overwork. I saw Tono-Nerve advertised, and soon after taking it I noticed improvements. I now have a good appetite, sleep better, feel better and have gained in weight. We ask every run-down, overworked man in Newark to try a bottle of Tono-Nerve with the understanding that your money will be returned if it fails to help you. Combing Won't Rid  
Hair Of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night, when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single grain and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

HALF MILLION MEN  
TO SEEK PLOTTERS

Civilian Force of Government on Lookout For Spies.

## POLICE OF CITIES LEND AID

Postmasters, Letter Carriers and Many Others Who Draw Pay From Uncle Sam Are Now Confidential Agents. Welcome Any Clue From the General Public.

Virtually the entire force of the federal government's civilian employees, approximately 500,000 men and women engaged in every branch of service, has been summoned to aid the bureau of investigation and the secret service in the detection of spies and the apprehension of persons engaged in plots, intrigues or other activities against the interests of the United States.

In addition, the government has sought the active co-operation of the police and detective forces of every town and city of consequence throughout the country. Hundreds of letters requesting such co-operation have been mailed broadcast by the department of justice, and replies pledging unstinted aid are coming back in great numbers by telegraph and mail.

The largest single force the government has enrolled in its nation wide spy hunt, with the possible exception of the municipal police and detective forces, is the army of postmasters, all of whom have been instructed to permit no clue as to the identity of suspected individuals and their activities to go unreported. Under the postmasters are working the letter carriers in the cities and the rural free delivery carriers in the country, a force all told of about 300,000 men.

Instructions to the federal employees call for the prompt reporting to designated authorities of all information, no matter how minor it appears, which might seem to furnish clues in ferreting out agents of foreign governments. Under this head some letters passing through the mails, telegrams and even overheard scraps of conversation indicating activity against the government.

Such information will be promptly forwarded to the proper investigating body at Washington, the name of the informant held secret and an inquiry quietly begun whenever, in the opinion of officials intrusted with such work, investigation is warranted.

Information Held in Confidence.

Although no request for co-operation has been addressed to the general public, officials welcome and hold in strictest confidence co-operation on the part of all private citizens looking to the prevention of activities harmful to the national interest. A number of private citizens, impelled by patriotic motives, already have furnished much valuable information of this character, it was said, and have aided materially in the work of the two bureaus heretofore engaged in enforcing the maintenance of American neutrality. Officials want to encourage citizens to communicate such information through United States attorneys or direct to the department of justice.

In calling upon its civilian employees to aid in the work of the bureau of investigation the government will rely chiefly upon the field force of all its varied activities, men whose daily work bring them in constant touch with the public. This includes, in addition to postmasters and letter carriers, the field forces of the department of the interior, the Federal Trade Commission, the department of agriculture, the interstate Commerce Commission, the internal revenue and customs bureaus of the treasury department, department of commerce workers and investigators and immigration and other officials of the department of labor.

## "THE NAVY NEEDS YOU!"

Call to Enlist Replaces "Stand by the President."

"Stand by the president!" has given way to the slogan, "The navy needs you—America first!"

A large electric sign topping one of the business buildings in a prominent spot on Pennsylvania avenue, Washington, called upon the people to "stand by the president." It attracted much attention, especially during the inauguration period, when thousands of strangers were in town.

This slogan, however, has been displaced with the call to join the navy.

NEW HAIR REMOVER IN  
DEMAND, SAY DRUGGISTS

(The Electric Remover, Remover and All)

Since the virtues of electrolysis as a hair remover became generally known, druggists in this country have been having a really extraordinary demand for this remarkable product. The fact that it actually removes the roots, before one's very eyes, as well as the surface hairs, is of course mainly responsible for its large and increasing sale. The new method is not to be compared at all with the usual electrolytic, chemical or other processes. It is entirely safe, non-irritating, non-painful, odorless and instantaneous. A stick of electrolysis used in accordance with the simple instructions which accompany it, can be purchased anywhere on a money-back basis or returned for a full refund. Advertisement.

## Keep Your Hair and Scalp Clean

If you want a good healthy growth of hair care should be used in keeping the scalp clean, free of dirt, dust and dandruff. Do not use cheap soaps or shampoos that contain too much alkali as they are liable to dry the scalp and make the hair too brittle. For steady use the best thing is kreamol, a liquid which you can secure at almost any drug store. It is very cheap as a four ounce bottle will be sufficient to last a family for several months.

To cleanse the hair and scalp thoroughly, simply moisten the hair with water and rub in the kreamol. One or two teaspoonfuls will make a rich, creamy lather and it is very easily rinsed. The hair dries quickly and evenly and leaves it fine, bright, fluffy and easy to care for.—Adv.

Kreamol is sold at Evans' Drug Store (Warden Hotel Block), Newark, Ohio, and Ullman's Drug Store, Granville, Ohio.

## IT NEVER FAILS TO END MISERY OF PILES

"Hundreds of people in this vicinity," says Peterson, "know of the mighty healing power of PETERSON'S OINTMENT in eczema, salt rheum, old sores, itching skin and ulcers. They know it cures these ailments—that it is guaranteed to cure them."

Now I want to say to every sufferer from piles, either blind, bleeding or itching, that I will guarantee that a 25 cent box of PETERSON'S OINTMENT will rid you of piles or your druggist will return your money.

"For years I suffered terribly with itching and bleeding piles. I tried everything and despaired of ever getting rid of them. It gives me great pleasure to state that Peterson's Ointment entirely cured me, and I sincerely recommend it to all sufferers." Yours truly, David A. Seymour, Supt. of Park Hotel, N. Y. ## DOES RHEUMATISM BOTHER YOU?

Many Doctors Use Musterole

So many sufferers have found relief in Musterole that you ought to buy a small jar and try it.

Just spread it on with the fingers. Rub it in. First you feel a gentle glow, then a delicious, cooling comfort. Musterole rubs the twinges, loosens up stiffened joints and muscles.

Musterole is a clean, white ointment made with oil of mustard. It penetrates to the seat of pain and drives it away, but does not blister the tenderest skin. It takes the place of the mussy, old-fashioned mustard plaster.

Musterole is recommended for bronchitis, croup, asthma, pleurisy, lumbago, neuralgia, sprains, bruises, stiff neck, headache and colds of the chest (it often prevents pneumonia).

## Examine your teeth tonight

—after you clean them.

You will find, in all probability, an accumulation of tartar on the enamel and bits of food deposit hiding between the crevices. YOUR DENTIST PRICE does not FULLY CLEAN! Loss of teeth is caused usually by one of two conditions—Pyorrhea or decay, both of which develop, as a rule, only in the mouth where germs and tartar are present.

SENRECO, the recently discovered formula of a dental specialist, is two-fold in its action. First, it REALLY CLEANS, embodying specially prepared, soluble granules unusually effective in clearing away food deposits. Second, it is particularly destructive to the germ of Pyorrhea. Yet it is perfectly safe, containing neither injurious chemicals nor hard grit.

Avoid Pyorrhea and decay. Get Senreco from your dealer today. In large tubes, 25c.

Send 4c. to Senreco, 304 Walnut St., Cincinnati, Ohio, for liberal-sized trial package.

## HAVE YOU PLANNED BABY WEEK YET?

You Can Get Ideas, Bulletins, Exhibit Materials and Inspiration From the Children's Bureau if You Want to Help the Youngsters Survive.

(Prepared by the children's bureau, Washington.)

ACCORDING to the children's bureau records, forty-seven of the fifty cities with more than 100,000 population, 683 rural communities and more than 1,300 other towns and cities held a baby week or a baby day last year. The bureau hopes that the spring and summer of 1917 will double the number of baby weeks.

The date for a baby week suggested by the children's bureau is the first week in May, but the nation wide observance has already begun and will last far beyond the month of May. The earliest baby weeks of the year are reported from Nebraska, and state wide plans for April baby weeks are reported from California and Massachusetts. Some state baby week committees are suggesting that baby week be held at different times in different parts of the state in order that circuits may be arranged for speakers and for exhibit material.

In some places campaigns are being organized along county lines. A county in Pennsylvania, for example, is planning a child welfare week, in which organizations in a city and thirteen towns and women from the farming communities are co-operating. A county in New York state reports preparations for a celebration in which fifteen places and the surrounding country will take part.

On the average about one-tenth of all the babies born in the United States die before they have completed twelve months of life, and an inquiry into the causes of this loss of infant life and a study of methods of prevention have been among the bureau's chief interests since its organization. These babies' deaths are scattered over all parts of the country and all types of communities. The bureau believes that most of these lives could be saved by persistent community effort and that a well planned baby week serves to further permanent work for infant welfare.

The children's bureau refers also to the great preventable loss of mothers' lives from conditions connected with childbirth. More women fifteen to forty-five years of age die from maternal causes than from any disease except tuberculosis, and a large proportion of these 15,000 maternal deaths occurring annually in the United States could be prevented by intelligent and adequate care. The protection of mothers is essential to the health and well being of their children.

In the carrying out of a baby week the children's bureau lends certain types of assistance, such as bulletins for distribution among mothers on prenatal care and infant care and bulletins and popular material on various phases of the welfare of children. It has a special bulletin of suggestions on baby week campaigns, including lists of the state agencies and other organizations from which lantern slides, exhibit material and leaflets for baby week can be secured.

### WEDDING CAKE.

Spring Brides, Here's Good Luck and Happiness to You!

Take one pound of butter, one pound of brown sugar, twelve eggs, a cupful molasses, a pound flour (pastry), four teaspoonfuls cinnamon, four teaspoonfuls allspice, one and one-half teaspoonfuls mace, a nutmeg (grated), one-quarter teaspoonful soda, three pounds raisins (seeded and cut in pieces), two pounds sultana raisins, one and one-half pounds citron thinly sliced and cut in strips, a pound currants, one-half pound preserved lemon rind, one-half pound preserved orange rind, a cupful brandy, four squares chocolate (melted), a tablespoonful hot water; cream the butter, add sugar gradually and beat thoroughly. Separate yolks from whites of eggs and beat yolks until thick and lemon colored. Add to first mixture, then add flour (excepting one-eighth cupful, which should be reserved to dredge fruit) mixed and sifted with spices, fruit dredged with flour, lemon rind and orange rind finely chopped, brandy, chocolate, molasses and whites of eggs beaten until stiff and dry. Just before putting into pans add soda dissolved in hot water. Cover pans with buttered paper and steam four hours. Finish cooking by leaving in a warm oven overnight.

### HORSERADISH SAUCE.

Let one stick of horseradish stand in cold water until firm. Then grate finely and to each gill add one scant teaspoonful of castor sugar, half a teaspoonful of mustard, a pinch of salt and one tablespoonful of vinegar. Have ready the yolks of two eggs, beaten until light, and a small cupful of stiffly whipped cream. Add the eggs first to the sauce, beating steadily, and, lastly, the cream. This is delicious to serve with corned beef or boiled beef.

The truth in a nutshell is sometimes hard to crack.

## GORKY FOUNDS A SOCIALIST PAPER

## GIRLS! ACT NOW! HAIR COMING OUT MEANS DANDRUFF

25-cent "Danderine" will save your hair and double its beauty.

Try this! Your hair gets soft, wavy, abundant and glossy at once.

Save your hair! Beautify it! It is only a matter of using a little Danderine occasionally to have a head of heavy, beautiful hair; soft, lustrous, wavy and free from dandruff. It is easy and inexpensive to have pretty, charming hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre, and try as you will you can not find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp. Danderine is, we believe, the only sure hair grower; destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this. (Adv.)

## HANGING BASKETS FOR SPRINGTIME

Expert Points For Her Who Wants to Have Greenery and Bloom the Way Grandmother Used To—Tips About Soil and Varieties.

WE can all remember the time and attention our grandmothers devoted to the care of their wire hanging baskets, but this seems to belong entirely to the past.

But now the Japanese are responsible for their return to popularity by sending us some most artistic handmade baskets, stained in the softest of wood tones and so tasty that indoor gardens do not seem complete without one of these charming baskets filled with a growing fern or trailing vine.

Plants for hanging baskets must necessarily withstand a very dry atmosphere. A basket hanging in a sunny window of a warm room dries out very rapidly and in most cases needs just about twice the quantity of water usually given. Therefore it is useless to attempt to grow soft, tender summer flowering plants or trailers.

To be successful with a basket the soil must be "just right." One composed of loam, manure and sand in the proportion of one-half loam and one-fourth each of sand and manure is satisfactory. The whole should be thoroughly pulverized and mixed together before using.

Cedunus in variety are easily grown and make very pretty basket plants. C. Carneae has small foliage and is very attractive. C. leiboldii has thick, fleshy leaves. The latter is an upright grower and is therefore useful for centerpiece when more than one variety is selected. The cedunus will stand lack of attention, which is apt to be the fate of all plants suspended in a warm room. They dry out more rapidly than plants in pots and therefore require much more water.

Othonna crassifolia, commonly called the pickle plant, is a very easy, rapid growing, trailing vine and is one of the most satisfactory plants that can be used. After it is well established it requires little care beyond watering. A well grown specimen will drop from a basket for several feet and is most attractive. This little vine is as easily propagated as it is grown. Simply cut off a bunch of shoots, plant them in a pot and keep them shaded for a few days and they will start at once to growing.

The common parlor ivy grows beautifully in a basket, but in a very warm place is apt to become attacked by the aphid or green fly. To prevent this give frequent sprinklings of water over the foliage and follow with tobacco dust shaken over the plant while the leaves are wet. It, however, requires a great deal of sun. Various specimens flower beautifully in the house.

A fish bowl suspended and filled with this little vine makes an attractive addition to a window garden. Tradescantia will grow without direct sunlight. Vinca minor or the common evergreen periwinkle makes a very desirable basket plant for winter as the foliage of this little plant is so attractive. It will thrive in a very cool place, and even occasional freezing will not injure it. It thrives without a great deal of sunlight.

Lysimachia nummularia or old-fashioned moneywort is perhaps better known as Wandering Jew. We almost hesitate to recommend it not because it isn't suitable or attractive, but because it is a pernicious weed that spreads quickly and is much to be dreaded when on the lawn. For a basket of moneywort just plant a few of the tops in the center of the basket. Keep them wet and they will soon start to grow. They do not require a great deal of sun.

Homemade Clothes Hamper. A very cheap, serviceable clothes hamper may be made in this way. Procure from your grocer an ordinary coffee drum and cover. With a nail and a hammer make a few holes in the sides of the drum to allow for ventilation. Fasten a knob or handle on the cover. Stain and varnish or paint any desired color. If stained or painted to match the surrounding woodwork and placed at the end of the hall or in the bathroom this hamper will prove very serviceable and inconspicuous.

Lemon Pie With Breadcrumbs. Cut two slices of stale bread two-thirds of an inch thick, crumb and dissolve in a cupful of boiling water. Add a cupful of sugar, a tablespoonful of butter, the juice and grated rind of a lemon and the yolks of two eggs. Bake in one crust. Use the whites for a meringue for the top.

Shrimp Salad. One pint or can of fresh shrimps broken into small pieces, one-half pint of tender celery, pieces; one-half dill pickle, chopped fine; mix with mayonnaise dressing and serve cold on crisp lettuce leaves. A spoonful of the mayonnaise should be put on each portion.

A Use For Old Magazines. Old magazines have a use in the kitchen if placed on a shelf or table to receive pots and pans from the stove. When one sheet is soiled it may be torn off and burned, leaving a fresh one on top.

Travel broadens a man. When he goes away he spreads himself.

## Found Way to Health Without Using Knife

MRS. MARY A. FERREE

Doctor Recommended Operation for  
Gall Stone Trouble but Mother  
Objected.

In her work as an evangelist in the mountain districts of West Virginia, Mrs. Mary A. Ferree, who lives at 1964 Madison Ave., Huntington, W. Va., was frequently called on to relieve suffering among her charges and became familiar with the practical value of remedies easily available. When her daughter became ill and the doctor finally said the trouble was gall stones and that an operation was necessary, Mrs. Ferree would not consent. In a letter to the Pinus Laboratories she says, "After four doctors had treated my daughter, and we had tried various remedies without avail, I heard of Fruitola and Traxo and tried it as a last resort. The first dose brought immediate relief and after using three bottles of Fruitola and two bottles of Traxo she was entirely cured. I pray that my testimony may be the means of helping others to health."

Fruitola and Traxo are compounded from the original Edsall formulas at the Pinus Laboratories in Monticello, Ill., and can be purchased in drug stores; a doctor's prescription is not necessary. Fruitola is a pure fruit oil that acts as an intestinal lubricant and disintegrates the hardened particles that cause so much suffering. Discharging the accumulated waste to the sufferer's intense relief. One dose is usually sufficient to indicate its efficacy. Traxo is a tonic-alterative that is most effective to rebuild and restore the weakened rundown system. A booklet of special interest to those who suffer from stomach trouble can be obtained by writing to the Pinus Laboratories, Monticello, Illinois.

## WASHINGTON TP. S. S. CONVENTION

The Washington Township convention was held at the Methodist church, Utica, Sunday. The afternoon program consisted of special music and short addresses given by Mrs. Cora Dicken, county superintendent of Home Department Work, and Miss Jessie Smythe, the county superintendent of Mission. Both gave some very helpful advice pertaining to their line of work. Rev. M. E. White of the Tenth Street United Brethren church, Newark, gave the principal address of the afternoon, and spoke of various ways by which we might get people in the Bible school.

At the evening session a special song was rendered by the choir and vocal solos were given by Mr. Hughes of Newark. Mr. A. R. Evans gave the principal address of the evening, it being on the patriotic order, and was enjoyed by all present.

Miss Wygant, county secretary, also spoke at the evening session.

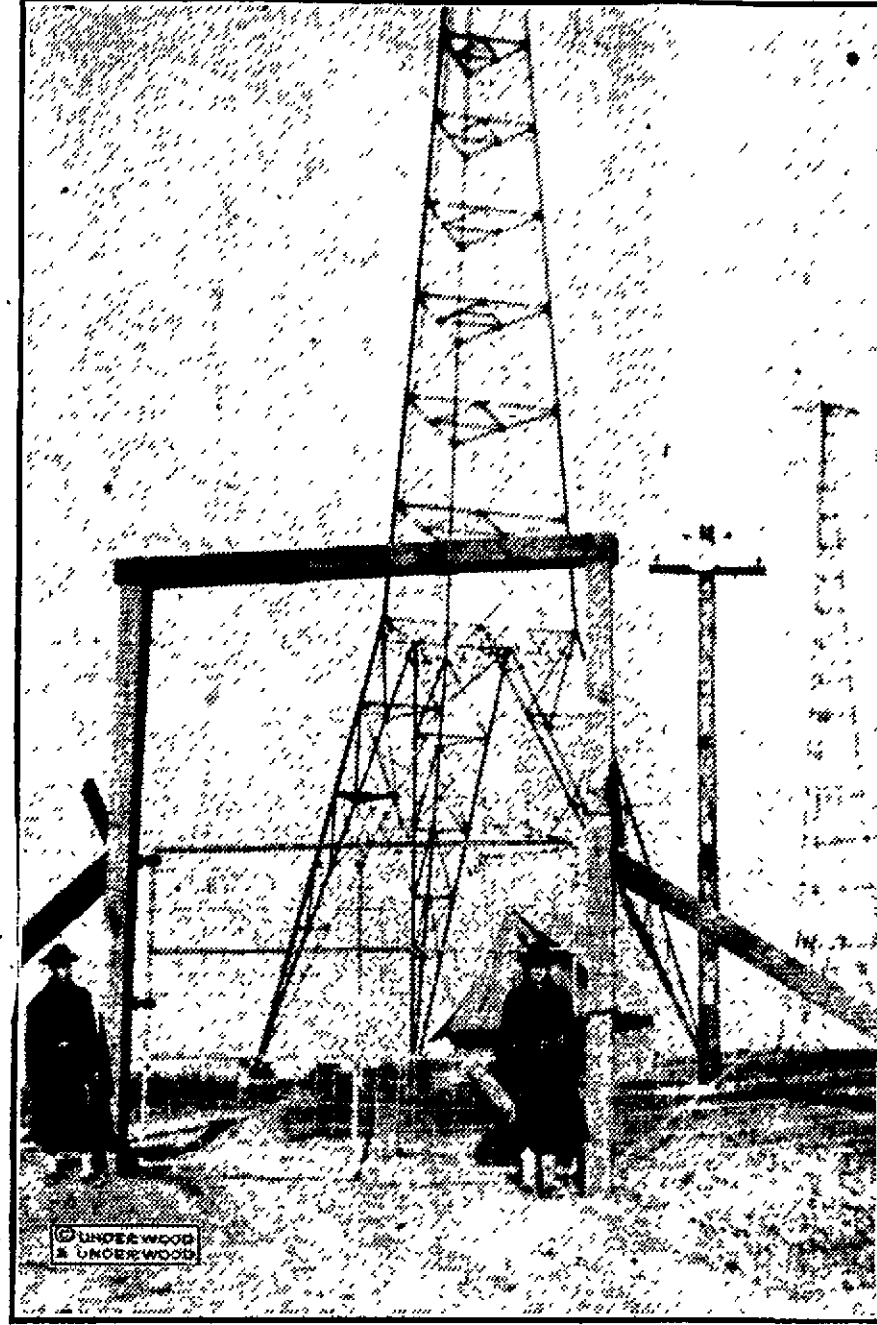

The following township officers were elected: President, C. W. French; vice president, Dwight Warner; secretary and treasurer, Mrs. J. O. Stephen; elementary superintendent, Mrs. Tressie Martin;

secondary superintendent, William Alton; teacher training superintendent, Miss Martha Turner; home department, visitation superintendent, Mrs. Jennie Cox; temperance missions superintendent, Mrs. Sadie Cheadle; adult organized Bible class, superintendent, W. L. Fairall.

## SEVEN GARDENS ARE UNDER CULTIVATION BY NEWARK PUBLIC SCHOOLS

A detailed report of the Arbor Day activities in the local schools indicate that unusual interest is being taken this year by pupils, not only in the starting of new trees but in the more practical work of gardens. Seven school gardens are under cultivation and 500 pupils of the public schools are doing garden work under the instruction of Mr. Hopp of the High school faculty. More than \$260 worth of seeds and shrubbery were sold to the pupils for use at home. The Civic society of the High school sold more than

"We Can Sell Almost  
Any Make of Tire Once"

—but this town is not big enough in which to do business on the ONE SALE ONLY basis.

We must sell tires again and again to the same people.

On this principle our business has grown because we sell a tire that cuts down upkeep to a fair and reasonable figure.

People ask how far will this tire run? We tell them we rarely see a Diamond that won't go five thousand miles. Yet Diamonds are PRICED on a basis of only three thousand five hundred miles.

There is no "velvet" in the price, but plenty of "velvet" in Diamond mileage.

We carry a complete line of sizes in stock and can fill your tire wants immediately. If you can't come, telephone.

Every Diamond Tire must deliver full value in service. If ever a Diamond Tire fails, a cheerful, willing adjustment will be promptly made.

# King's Gigantic Overland Shoe Sale

Of Men's, Women's and Children's King's Quality Shoes Has Already Saved Shoe Buyers of Central Ohio Thousands of Dollars  
And The Sale Goes Onward With Every Article In The Store At a Cut Price

You may ask yourself the question, "If shoes are advancing so in price, why are we selling shoes at such prices?" The answer is very easy. In the first place all our shoes we own at old time prices. As we buy so do we sell. Next we have told you that we are adding 10,000 more shoe customers to our list. That is why we are selling shoes at such ridiculously low prices. But, remember, that after these stocks are gone, we cannot promise to sell such good shoes as we are selling right now. So we say buy your shoe needs for now and for months to come during the Big Overland Shoe Sale. You have much to gain and nothing to lose.

## THE OVERLAND SALE PRICES ON MEN'S SHOES ARE LESS THAN ANY DEALER CAN BUY THEM FOR TODAY

People can't go without shoes and our business is to sell shoes. We bought our enormous shoe stocks some months ago when prices were much lower than they are at the present time. That is the reason you are buying shoes in this Big Overland Shoe Sale today for less than any dealer can buy them for. Here are some of the proofs.

### MEN'S MENZ-EASE WORK SHOES AT \$4.00

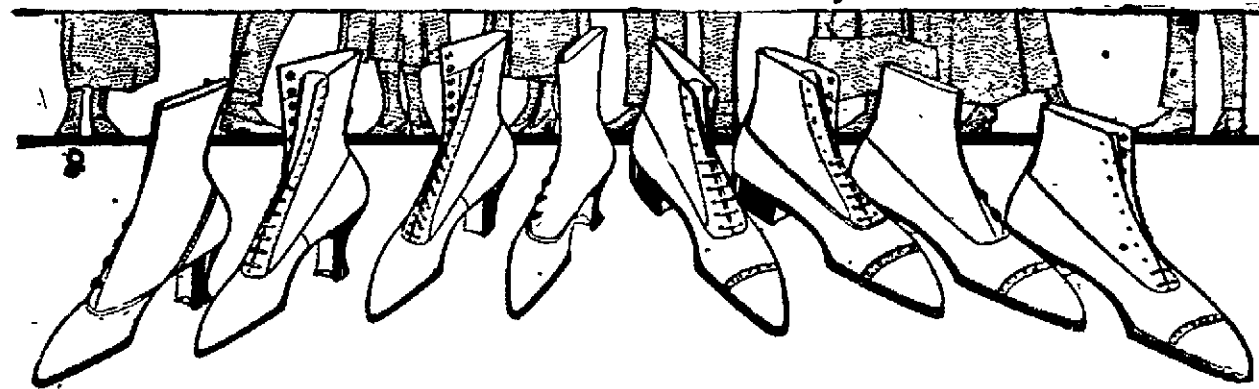

In a few months you will wish you had bought two or three pairs of these at this price. After these are gone no more to be had at this price. The leather in these shoes is of the Menz-Ease special tannage. Blucher, chocolate brown, two full length oak tanned soles, sewed and nailed, treble stitched uppers. The old price was \$5.00 but the Sale Price is only **\$4.00**

### MEN'S WORK SHOES AT \$1.75

Made of tough brown mule skin leathers with solid leather soles, sewed and nailed, lace styles and all sizes; a very desirable shoe for work or outing wear. The old time price was \$2.25. The Sale Price is only **\$1.75**

### MEN'S WORK SHOES AT \$2.60

Finest quality oil grained leather uppers in blacks and browns; blucher, cap toe, two full length genuine oak leather soles and treble stitched uppers. All sizes. Old price \$3.25. Overland Shoe Sale Price is only **\$2.60**

## DO YOU EVER STOP TO THINK HOW MUCH YOU ARE GOING TO PAY FOR THE CHILDREN'S SHOES THIS FALL?

If you have never thought of it it is time you should, as shoes are going up in price by leaps and bounds. When our present stock of Children's Shoes are gone at these sale prices, and we have to replace them—you will find that you had better bought the Children's Shoes for this fall right now. Mark what we are saying right here. We told you everything in the store, at reduced prices for the Overland Shoe Sale that is the reason for these prices.

## WOMEN'S KING QUALITY STYLISH SHOES GOING AT ABOUT ONE-HALF REAL VALUE IN THE OVERLAND SHOE SALE

Hundreds of women are not only buying one pair of shoes right now but are buying two and even three pairs of shoes. Why, because they are awake to the fact that shoes within a few months from now are going to be hard to get at any price. They also know that right now is the time to buy good shoes at prices that are about one-half their real value. That is the reason for the big shoe business.

### WOMEN'S STYLISH PATENT LEATHER SHOES FOR \$1.89

That price sounds like the good old times does it not? But it can't last long, for they are going—these stylish patent leather dress shoes with cloth or kid tops. Shoes that are big shoe values at \$2.50 to \$3.00. But the Overland Shoe Sale Price is only **\$1.89**

## Amusements

AUDITORIUM.  
"Purity."

One of the most strikingly beautiful scenes in "Purity," and which is the talk of the town, is that of 150 beautiful girls dancing in diaphanous robes.

This regiment of dancers, employed at great expense and effort after a canvass of all the cities of the western coast, was trained in the studio where "Purity" was filmed by Miss Geneva Driscoll. Miss Driscoll was a student of Ruth St. Denis, famed as one of the greatest dancers of the country.

The dance appearing in "Purity" begins in the distance at the end of a classic sypress-lined vista. Dressed in flowing veils the oncoming dancers, all of them girls between the ages of 15 and 18, barefooted and barelegged, glide over the grass-carpeted lane and sweep out on a vast lawn. The sight is one of the

## "High Finance."

In one scene of "High Finance," the photoplay which contains Mr. Louis's latest efforts, he was required to hold up a dollar before the covetous eyes of a bellboy. Then, as the boy reached for it, Mr. Louis was to twist it within his hand and slip it in his pocket.

After the first rehearsal, Mr. Louis threatened to go on strike. The coin slipped from his hand, rolled across the stage and through a crack in the floor of the platform. Efforts to regain it were fruitless.

"I won't do it over," Louis said, "unless somebody lends me a dollar. No more of my own for this litchikish job."

Rather than have strife in the family, Bob Ross, assistant director, put up a coin and it's his dollar which will appear in "High Finance."

"High Finance," with George Walsh, will be the attraction at the Auditorium theater next Sunday, and as extra features Charlie Chaplin in "Behind the Screen," also Mr. Bon-

"Record Breakers" this season is Alvorat(?). The cast includes Jack Reid, Joe Fels, Bob Startzman, Barney Bell, Lucille Ames, Ella Reid Gilbert, and many other new to the burlesque stage.

Two carloads of scenery and effects are carried with this production and Newark wheel patrons are assured one of the best shows of the season. This is the last show but one this season and all should see it. As usual, a bargain ladies matinee will be given. Seats go on sale tomorrow morning.

## Seven Deadly Sins.

For countless ages seven has been considered the luckiest number. It occurs frequently through the Bible, and Shakespeare's characters more than once swore by the seven stars. In the Bible the Creator ended His work on the Seventh Day.

The clean beasts and fowls went into the ark by sevens. The ark rested on the seventh day of the seventh month.

Seven days were appointed for the eating of unleavened bread; seven

most beautiful in this wonderful picture which features Miss Audrey Munson, famous as an artists' model, and who herself appears in a great number of posings a number of which are in nude.

The performances during this engagement will be continuous beginning at 1:30 and concluding at 11 p. m. At Auditorium today, Friday and Saturday.

## "Record Breakers."

Manager Fenberg was over to Columbus yesterday and witnessed the performance of the "Record Breakers" at the Lyceum. This company is playing to capacity crowds and the show is giving the best satisfaction of the season.

From curtain-to-curtain the "Record Breakers" provide an entertainment that is in the nature of a tonic. Pretty dark-eyed beauties are found in the chorus, and the book, music, dances and effects bring into striking foreground the capabilities of these young women. Notable among the features of the

for the feasts of the Tabernacle; seven for the Purification rites.

Joseph, interpreting Pharaoh's dream saw seven fat kine, seven fat years.

Zacharias wrote of the golden candlestick with its seven lamps.

Believing that luck attaches to the lucky number seven, Manager Fenberg of the Auditorium theatre has booked the Seven Deadly Sins, a series of seven five-reel features. At Auditorium next Tuesday and Wednesday.

## ALHAMBRA.

Tonight.

Miss Alice Brady has two powerful characterizations in "The Dancer's Peril," the new World Picture Brady-Made which will be seen at the Alhambra theatre tonight. Miss Brady appears as the mother of a famous Russian dancer and as the dancer herself.

## Friday and Saturday.

Sessue Hayakawa, the celebrated Lasky-Paramount star, who will be seen at the Alhambra on Friday and Saturday in a picturization of Robert Louis Stevenson's famous story, "The Bottle Imp," upon his return from Honolulu found California enjoying its coldest winter weather. In order to maintain a Hawaiian temperature for Mr. Hayakawa and the twelve Hawaiian dancing girls who returned with the company, each one was supplied with an oil stove and when not before the camera they could be found close to the stoves which were going full blast.

## GRAND.

One of the best character actors on the screen is Daniel Gilfeather, who has been seen to such advantage in Pathe's Baby Marie Osborne Gold

## THE AUDITORIUM THEATRE

To My Friends and Patrons:-

I witnessed a performance of Jack Reid and his own company, "The Record Breakers," at Columbus yesterday and want to say that wheel patrons on next Monday are going to see what I say is the classiest wheel show of the season.

Right from start to finish there is novelty after novelty, the show being so much different than the others I have given you. The company costumes, scenery, effects, etc., are more likened to a \$2.00 attraction.

The following dazzling sets are shown:

Scene 1. Badloe's Island. Scene 6. The Palace of Shehe-  
Scene 2. A Night In Chinatown. Scene 7. At the Calaret.  
Scene 3. At the Ball Game. Scene 8. At the Filling Station.  
Scene 4. Shopping on Broadway. Scene 9. The Isle of Love.  
Scene 5. On the Boulevard.

I Personally Guarantee This Attraction. GEO. M. FENBERG.

## WHERE DO YOUR OLD CLOTHES GO?

An unusual feature will be run at the Alhambra theatre tonight and tomorrow, showing the manufacture of CERTAIN-TIED roofing and slate surfaced shingles in the world's largest roofing mill. The picture is one of special interest at the present time as it shows where your old clothes go. How they are shredded and beaten in millions of gallons of water, how the felt is saturated with asphalt and finally the ghost roofer, the roof that lays itself.  
This picture is in addition to the regular program at the Alhambra. Certain-Tied products are sold exclusively in Newark by The R. B. White Lumber Co. and are guaranteed. Go and see the picture tonight. 4-18-2t

A. F. F. Meets Friday.  
The Newark unit of the American Fund for French Wounded will hold a meeting at the Y. M. C. A. all day Friday. An urgent appeal has been sent to all units to increase the contributions to this cause.  
Picture of Battery.  
Valentine E. Kinser is the owner of a picture of the members of Battery L. Third U. S. Artillery, which was taken in Manila during the Spanish war. Mr. Kinser had a son in the battery, and he can be seen in the center of the back row. The battery saw service for several years in the Philippines.  
Resigns Position.  
A. B. Grimm of 15 Spencer street resigned his position with the Standard Oil company to take one with H. A. Bailey. Mr. Grimm has been in the employ of the standard Oil company for the past twelve years.  
Royal Neighbors.  
The Royal Neighbors Sewing society will meet with Mrs. Andrews, 81 Spencer street, Friday afternoon.  
Mrs. Putnam's Injury.  
Mr. Rufus Putnam of Oakland, Cal., sends further details of the injury sustained by Mrs. Putnam while she was out walking a few days ago. In crossing a street she stepped upon an orange peeling and fell fracturing her hip and injuring her knee and ankle badly. Mrs. Putnam is now confined to her bed in a plaster cast. When Mrs. Putnam first fell she struck a car track. When helped to her feet she thought she could walk and as the men holding her loosened their grip she fell again. The surgeons used the X-ray in examining the injury before reducing the fracture.  
Attention, Old Guards.  
Company and drum corps will assemble in full uniform Saturday at 1 o'clock at the Armory to attend the flag-raising at the B. & O. railroad shops and at the passenger depot. After the work at the B. & O. the company will be taken in automobiles to the Jewett car work for the flag-raising. Let there be a full turn-out. Matthew Bausch, captain; H. D. Hollister, adjutant.  
Granville Students at Zanesville.  
The Denison University Glee club will present a program at the Market Street Baptist church, Zanesville, Friday night. A feature will be the college farce, "The Belgian Mascot."  
B. & O. Flag-Raising.  
Supt. D. R. Stevens of this city will be the principal speaker at the B. & O. flag-raising in Zanesville, April 29.  
No Meeting.  
The board of education has postponed the meeting which was to have been held last night to Tuesday night of next week.  
Narrow Escape.  
A ladie of molten metal was dropped onto the floor of one of the B. & O. shops yesterday afternoon and a number of men nearby had narrow escapes from being badly burned. Only one was injured, a workman handling the ladie having one foot burned. Dr. J. G. Shiner was called and dressed the injury and the man was removed to his home, 160 West Church street.  
Enjoys Nice Business.  
Mr. and Mrs. E. R. Harris of Zanesville, were in the city yesterday, guests of Manager George M. Penberg and wife of the Auditorium theater. Mr. Harris is manager of the Orpheum theater in the Clay City, and reports that he has been enjoying a splendid business the past season.

**Is Much Improved.**  
David Metz, the well-known East Main street grocer, who has been quite ill, is reported as being much better today and his complete recovery is predicted.

**Police Court.**  
One lone drunk, a regular, faced Mayor Bigbee in police court this morning, and was fined \$5 and the costs. If Newark follows plans outlined by Governor Jas. M. Cox and leases land for garden purposes on which to put the bums and loafers at work, it will undoubtedly have a tendency to minimize the number whose faces are quite familiar at the local police court.

**ASTHMA**  
Simple Harmless Remedy Brings Quick Relief. Makes Breathing Easy.

Many cases of immediate relief and rapid recovery from Bronchial Asthma of long standing, are being credited to a discovery made by Dr. Eugene Howell of Worcester, Mass. Dr. Howard's prescription is a mild, pleasant, and effective in the form of a tablet which the patient allows to dissolve slowly in the mouth. It cures the headache, forces the mucus with it, and opens up the lung passages, and regulates the circulation. The action is so rapid, though pleasant to the taste, and so powerful, and so rapid, that many more who have been unable to get any relief from gasping for breath and unable to sleep report that they now get a much easier day, and in their mouth a pleasant taste. The patient is able to breathe and sleep, and the cough is cured. The remedy is a good night's sleep. A. A. Freeman and Dr. J. M. Brown and many other local druggists handle Dr. Howard's tablets on a positive guarantee of cure. If it does not cure, no money is returned.

# SIXTY YOUNG MEN DRILL IN OFFICERS' TRAINING CORPS

The Citizen Legion Officer's Training Company had sixty young men in line last evening. The main drill was on the street.

Major F. G. Steele was assisted by Lieutenants Harold F. Wilson and Francis W. Leah, late of the Fourth Ohio infantry recently returned from service on the Mexican border.

The Citizen Legion is a patriotic, civic and military order created to perpetually safeguard the national welfare of the United States of America. It is an order of preparedness and efficiency along all lines that lead to the making and maintaining of the nation the real world power that its geographical position, wealth, population, opportunity, duty to its citizens and humanity demand.

## BROMLEY SERVICES

(Continued From Page 1)

was the evangelist's slogan. "Christians are the sign boards of the church. Let them strike the match of hope."

Much praise must be given the chorus. The leadership and hard work of Director Wileand is indeed bearing fruitful results and the singing last night was all that could be desired.

At the close of the meeting a conference was called in order to form a prayer league.

Miss Rose Fetterolf addressed the East Newark grammar school this morning at 8:30 o'clock.

There was a well-attended shop meeting held today at the Jewett car works and W. W. Shannon had charge. Miss Ditzell spoke at the Midland shoe company's factory.

Much interest is being taken in the afternoon meetings at the tabernacle and there was a large crowd yesterday afternoon to hear Rev. S. B. Goff, the assistant evangelist, who spoke on "A Deeper Consecrated Life." The afternoon meetings promise to be popular during the campaign. Arrangements are being made to have special musical numbers next week at these meetings.

Instead of two meetings to be held on Sunday afternoon, as had been planned, there will be three meetings held simultaneously. A meeting for men only will be held in the tabernacle when the evangelist will deliver the first of the series of addresses to men only. There is no age limit for this address and boys are as welcome as men. These lectures have stirred the cities in which Mr. Bromley has been in the past. At the same time in the afternoon—2:15 o'clock—Miss Ditzell will speak to women only in the First Methodist church and arrangements are now being made to hold a boys and girls meeting in a nearby church at the same hour.

Tonight the first street meeting held under the auspices of the Bromley evangelistic campaign will be held and this meeting promises to be one of the most unique of all the meetings to be held.

On the west side of the square the people will gather at 7 o'clock this evening for the service. The Munson Music company has given the use of a piano for the meeting and an automobile truck will be secured, the piano placed upon this and there will be mass singing.

It is likely that Dr. Bromley himself will deliver a brief address from the automobile truck pulpit. There is a regular method followed in the holding of these meetings and several members of the Bromley party have taken a sure meeting course at the Moody Bible institute and there will be personal work done among those people who gather, but it will be of an entirely different type of that generally done in the tabernacle. It will simply be an invitation to come to the tabernacle.

A number of local people have been coached along this line and each person interested in the tabernacle meetings will be urged to hook up with some one and bring them along to the tabernacle.

Permission was secured from the mayor yesterday for the street meeting and they will likely be held twice a week during the rest of the campaign. Another one is scheduled for Saturday night.

The mayor requests that the people keep off the grass of the court-house square as much as possible while attending the outdoor meeting.

"Life Lessons From Genesis" was the subject of second bible study given by Miss Rose Fetterolf this afternoon in the tabernacle. Miss Fetterolf urged all people to bring their bibles. She said in part: "Genesis is the book of beginnings and is sometimes called the seed book of the Bible. We find here the

beginning of the universe, the Sabbath, sin, sacrifice, death, marriage, nations, etc. Men are setting forth many theories as to the creation of the universe. God's account is found in this book.

"Note that the first words of Genesis are 'In the beginning God,' and the closing words are, 'In a coffin in Egypt.' The 50 chapters of this book covers about 2300 years of history and its fearful results."

"If we study the book of Genesis as a whole we will observe that there are eight great outstanding facts which form a word outline of the book: Creation, Fall, Deluge, Nations, Abraham, Isaac, Jacob, Joseph."

"Around these great facts will be gathered secondary facts. It will be observed that the Holy Spirit was the author of the bible very often states a fact in outline and then recurs to it for the purpose of giving details. This is called by Dr. James M. Gray the law of recurrence. This is seen in the first chapter of Genesis. Creation is stated in outline in Gen. 1:1 but is given in detail in the following verses. Creation of men is given in outline in Gen. 1 and the details of this creation are given in chapter 2. These are three distinct prophecies because more explicit than the one before."

# FLAGS

Citizen Legion Paragraphs of Information About Flags—Things That Every Intelligent Citizen and Resident Should Know.

(BY MAJOR F. G. STEELE.)

Founder and Commander of The Citizen Legion; Eight Years on National Staff, G. A. R. as Patriotic Instructor for Ohio; Served Two Years in Civil War in the First Ohio National Guard; Thirty-five Years a Teacher in the Schools of Ohio.

(Continued from April 11.)

Congress never designated how the stars on our flag should be arranged, although a dozen or more different arrangements have been presented by resolution to Congress. The present arrangement of stars was caused by an order of the navy department, issued September 18, 1818, in which was illustrated the plan arranging the stars in parallel rows horizontally, on the flags to be used on all American ships of war, and since that time the national flag on land and sea has had its stars so arranged.

The design of our flag is simple and beautiful when seen at short distances, and when good colors are used in the making. The criticism has been made that our flag has too many separate parts, and that at distances at which its individual stars and stripes cannot be distinguished one from another, the white stars blend with the blue, and the white and the red of the stripes blend into a pink, thus weakening the color effect at long distances. To correct this in part it has been suggested that the 48 stars be placed together in the shape of a large five-pointed star at the center of the field, thus avoiding much of the weakening blend. It would also suggest a more forceful and closer union of the separate stars, which is in accord with the now rapidly growing demand for

the centralizing of all our nation making resources.

Our flag has 62 different parts, which are more than twice as many as are found on any other national flag. It is also interesting to notice that the other four American republics having flags formed from stars and stripes, have, all told, but 55 different elements, seven less than our flag. If to the total parts of the four lesser republics we add the six parts on the flag of Mexico, the total is one less than the total on our flag.

From the standpoint of pure classic design it is said that "The Ever Rising Sun of Great Japan" is the most perfect of all national flag designs. There are two pages, illustrating national flags of the world, to be found in the Standard and Webster unabridged dictionaries. These are wonderful pages, telling in symbol and geometric sign the story of man on earth from Eden until now. They tell, in sign language, the story of what man has accomplished in obedience to the two primal commands of God to man, namely, "subdue the earth and have dominion over all things on earth." Could we grasp the full meaning of the flags of those nations, beyond the great oceans, now at bitter war, our views would be greatly broadened, and many of our opinions radically changed.
